

Quick Start Guide:

Setting up your Wi-Fi and GVT WiFi App.

Innovate > Advance > Connect

Getting started with the App

The **GVT WiFi** app allows you to manage your home or small business Wi-Fi network within a few short minutes. Download the app and start managing your network today!

Next: Refer to the **GVT WiFi Guide** for details on how to use specific features.

1. Download the GVT WiFi app

You can search either the Apple App Store or Google Play Store for "**GVT WiFi**" then install it on your mobile device.

Available for iPhone®, iPad® and Android devices.  

2. Select "SIGN UP"

Towards the bottom of the screen.

3. Enter your personal information

The password you enter here will be used to access the app.

4. Tap the QR code that appears within the app

(You will be asked to allow the app to access your camera.)

Point your camera at the QR Code found on your GigaSpire, or on the sticker that came in your box (example shown below).

5. Select OK

6. Type in the name of your network and password

- The Router Name will be used throughout the app.
- The Network Name (*SSID*) is your wireless connection name.
- Select a password for your wireless network. If you do not want to change it on all the devices in your home, use your existing wireless SSID and Password from your current router.

Click SUBMIT and you're all done!
